# Tomorrow's document solution today

The Aficio™ MP C4502/MP C5502 are the ultimate document solutions: performance colour MFPs that think with you. High productivity, fast turn-around, smart cost savers. All underpinned by an intuitive interface packed with efficient workflow and connectivity features. These MFPs not only meet international security and environmental standards. With their extra safety, compliance and energy-saving options, they let you determine just how green and secure your workplace needs to be.

- 45-55 colour prints/copies per minute
- High speed scanning with single pass duplex (MP C4502SPDF/MP C5502SPDF models)
- International security standards and environmental best practice
- Intelligent design: elegance and usability
- Customisable home screen with personal shortcuts and favourites

## Maximise your workflow and security

Minimise your costs and environmental impact

### Intuitive operation panel

An easily customisable operation panel displays your personal home screen with your own preferences and settings. The home button brings you back to the home screen. An integrated SD/USB slot lets your work directly from an external source. At the same time, individual ergonomics are secured with the tiltable panel.

### Enhanced internal controller

Quota Settings per user group or user allow you to manage the operation costs of the device. Combining high throughput with sustainability, the controller also features an Eco-Friendly indicator that shows the paper settings history for more efficient usage. The USB/SD slot permits the easy printing of PDF, JPEG and TIFF files.

### Less time, less energy, less environmental impact

Advanced technology cuts waste from creased and wrinkled envelopes, and reduces electricity. The envelopes can be fed more reliably and printed in better quality. The lower recovery time from sleep-mode to operation means your device warms-up quicker. Saving you time and further reducing the environmental impact.

### Security first, always

Achieve information security with a Copy Control function that prevents the unauthorised copying of documents. Enhanced encryption (AES256bi, SHA2) and HDD encryption for scanning and hard disk security, further add to safeguarding your documents. Secure scanning to Web Mail via SMT with encrypted SSL adds another layer of security to your device.

# Keeping your workflow fluent

## Hard-working and efficient

An impressive 45-55 colour prints per minute gets through jobs quickly. The large paper tray and highly effective document feeder accelerate task turnover. Users can preview scanned documents to check data before transmission, eliminating potentially costly or embarrassing errors.

## Office logistics

Facilitates and organises many standard tasks to increase and to improve throughput. Scanning in colour to email, PDF, FTP, SMB, NCP, USB/SD and URL simplifies many copying and distribution tasks. The banner print page separates each job with output summary. While print quotas, resettable per user or group, reduce energy costs and environmental impact.

## Gets your priorities right

The automatic job promoter skips queue-blocking error jobs to get onto the next print. You can prioritise tasks from the by-pass tray; schedule printing for convenient or low-use times; and print PDF and TIFF files from a USB stick with a single command. These MFPs even do time-consuming admin tasks like numbering legal and medical documents.

# Focused on the bottom line

## Raise standards and lower costs

Smart printing options deliver a truly professional finish and outsourcing fewer jobs saves on time, effort and costs. There are 1000-sheet and 3000-sheet staple finishers available, as well as a 2000-sheet booklet finisher. Add a punch unit to create 2-, 3-, or 4-hole punched documents that are ready for insertion in binders.

## Low maintenance, high accessibility

Full front access and loading, easy jam-removal and two-way paper tray save time and do away with hassle. While for wheelchair users, accessibility is made easier by the optional scanner separation, lightweight multi-grip drawers, optional accessibility handle and single-hand toner replacement.

# Performance-enhancing software

## Extended capabilities

A range of smart software optimises your MFP's performance in key areas. From GlobalScan-NX, which makes scanning straightforward, to @Remote, which gathers operational data to help manage your output devices efficiently. They even order their own new toner, maximising device uptime.

## Inspired design

The dual-colour design concept promotes intuitive usability, with frequently used parts rendered in dark grey. The new compact cube design provides flexibility for all office spaces and sizes. Attractive and easy to use menus appear on a large LCD operation screen.

## Greener by design

Ricoh products are Energy Star compliant, so running your device produces less CO<sub>2</sub>. They have eco-friendly and money-saving features such as fast duplex printing, low sleep mode and high toner yield that save time, paper and energy. While options like the paper quota system help you set your office's own environmental priorities.

# Critical capabilities for business communications

- 1** Easy access & intuitive operation via the colour LCD panel
- 2** 100-sheet Auto Reverse Document Feeder to efficiently handle one- and two-sided originals
- 3** High speed scanning with single pass duplex scanning (SPDF models)
- 4** Standard 2x 550-sheet paper trays to omit frequent refills and stay productive at all times
- 5** Standard 100-sheet bypass tray to take advantage of a wide range of paper sizes and types
- 6** Optional 2 x 550-sheet paper trays or 1,000-sheet LCT which offer you a choice of multiple paper sources on demand
- 7** 1,200-sheet side large capacity tray to increase your office productivity
- 8** 2,000-sheet booklet finisher & several punch kits for an entire range of finishing possibilities make it easier to retrieve your documents

# MP C4502/MP C5502

SPECIFICATIONS

# Aficio®

## GENERAL

Warm-up time	22/24 seconds
First output speed	Full colour: 5.8/4.9 seconds B/W: 3.7/3.1 seconds
Continuous output speed	Full colour: 45/55 pages per minute B/W: 45/55 pages per minute
Memory	Maximum: 2,000 MB
Dimensions (W x D x H)	670 x 682 x 760 mm
Weight	130 kg
Power source	220 - 240 V, 50/60 Hz

## COPIER

Copying process	Dry electrostatic transfer system
Multiple copying	Up to 999 copies
Copy resolution	600 dpi
Zoom	From 25% to 400% in 1% steps

## PRINTER

Printer language	Standard: PCL5c, PCL6, PDF Option: Adobe PostScript 3, IPDS
Print resolution	300 dpi, 600 dpi, 1,200 dpi
Interface	USB 2.0, Ethernet 10 base-T/100 base-TX, Bi-directional IEEE 1284, Wireless LAN (IEEE 802.11a/g), Bluetooth, Gigabit Ethernet
Network protocol	TCP/IP, IPX/SPX, IPv4, IPv6
Windows® environments	Windows® XP, Windows® Vista, Windows® 7, Windows® Server 2003, Windows® Server 2008, Windows® Server 2008R2
Mac OS environments	Macintosh OS X v10.1 or later (native mode)
UNIX environments	UNIX Sun® Solaris 2.6/7/8/9/10, HP-UX 10.x/11.x/11iv2/11iv3, SCO OpenServer 5.0.6/5.0.7/6.0, RedHat® Linux 6.x/7.x/8.x/9.x/Enterprise, IBM® AIX v4.3/5L v5.1/v5.2/v5.3
Novell® Netware® environments	Novell® NetWare® v6.5 or later
SAP® R/3® environments	SAP® R/3®

## SCANNER

Scanning speed	67 originals per minute
Scanning resolution	1,200 dpi
Bundled drivers	Network TWAIN
Scan to e-mail	
Scan to folder	

## FAX

Circuit	PSTN, PBX
Compatibility	ITU-T (CCITT) G3
Resolution	8 x 3.85 line/mm, 200 x 100 dpi
Transmission speed	2 seconds
Modem speed	Maximum: 33.6 Kbps
Scanning speed	0.7 seconds
Memory capacity	4 MB

## PAPER HANDLING

Recommended paper size	A3, A4, A5, B4, B5
Paper input capacity	Maximum: 4,400 sheets
Paper output capacity	Maximum: 3,625 sheets
Paper weight	52 - 300 g/m <sup>2</sup>

## ENVIRONMENT

Power consumption	Maximum: 1,700 W/h Stand-by: 240 W/h Operating power: 900 W Energy Saver timer: 150 W Auto off timer: 1.6 W TEC (Typical Electricity Consumption): 2.2/2.8 W
-------------------	---

## SOFTWARE

Standard	SmartDeviceMonitor, Web SmartDeviceMonitor, Web Image Monitor
Optional	GlobalScan NX, Card Authentication Package, Unicode Font Package for SAP, Remote Communication Gate S Pro

## OPTIONS

Platen cover, ARDF, ADF handle, 2x 550-sheet paper trays, 1,200-sheet side large capacity tray, 2,000-sheet large capacity tray, envelope feeder, 1,000-sheet finisher, 3,000-sheet finisher, 2,000-sheet booklet finisher, punch kits, bridge unit, internal shift tray, one-bin tray, side tray, browser unit, Netware, counter interface, file format converter, key counter bracket, scanner accessibility option, card reader bracket
