

Lenovo™ Miix 510

GO ANYWHERE

The Lenovo™ Miix 510 is a versatile 2-in-1 PC for you to take anywhere. With its sleek design and unique watchband hinges, plus performance to power through productivity tasks, the Miix can be used in virtually any situation. And now it's even easier to stay connected with optional LTE—never worry about the strength of your WiFi connection.

WHY YOU SHOULD BUY THE LENOVO™ MIIIX 510

Design That Stands Out

Turn heads when you take out this 2-in-1 PC with intricately-tooled watchband hinges. With a one-piece aluminum design and FHD touchscreen, the Miix 510 helps you stand out from the crowd.

Work Like Crazy

With the latest performance to power through productivity tasks, and fast storage that opens programs and files in a flash, you'll get that presentation finished and have time to spare before your next meeting. And with the premium optional backlight keyboard with 1.5 mm key travel, you'll have the feeling of typing on a laptop. The keyboard also doubles up as a folio case to protect the screen when you're on-the-go.

Play Like A Pro

Miix 510 is also a lightweight Windows tablet with a 12.2" FHD touchscreen. You'll enjoy taking high-quality photos with the rear-facing 5 MP camera, then editing them in a snap by reattaching keyboard, or making selections with the optional Lenovo™ Active Pen. Whether you're snapping pictures, watching movies, playing games or simply browsing the web, you'll love the flexibility of switching between a handheld tablet and a full productivity laptop.

Stay Connected

Thanks to the optional LTE support, Miix 510 is optimized for VoIP no matter where you are. Everything looks better with a 2 MP webcam, plus dual-array microphone with noise-cancellation that reduce background noise and interference to keep your conversations with friends and family crystal clear. With up to 7½ hours battery life, the Miix keeps you connected all day long.

¹ All battery life claims are approximate and based on test results using the MobileMark® 2014 ver 1.5 battery life benchmark test. Actual results will vary, and depend on numerous factors including product configuration and usage, software, operating conditions, wireless functionality, power management settings, screen brightness and other factors. The maximum capacity of the battery will naturally decrease with time and usage. See <https://bapco.com/products/mobilemark-2014/> for additional details.

² Optional.

³ DP, DC in enabled.

⁴ Microsoft Office worldwide except Japan.

⁵ ROW.

⁶ LTE SKU / China region only.

⁷ For China region only.

LENOVO™ SERVICES

Warranty Upgrades – On-site / In-Home Service

Maximizes PC uptime and productivity by providing convenient, fast repair services in your own home.

Accidental Damage Protection

Avoid the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops or damage to the integrated screen.

Warranty Extensions (1-to-3 Years Total Duration)

This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment and potentially lower the cost of ownership over time.
